"The WCC constitution [*Same WCC the MP is a member of*], paragraph 3, states the primary purpose of the fellowship of churches in the World Council of Churches is to call one another to visible unity in one faith and one eucharistic fellowship, expressed in worship and common life in Christ through witness and service to the world and to advance towards that unity in order that the world may believe. I think it's a fabulous constitution, and we need to reflect on it, each time we meet, because somehow it summarizes fundamentally our call to visible unity and what it means also within the framework of this world conference. This is why we are gathered here, and it's a fundamental vocation of the faith and order commission."

This is part of a speech given by "Reverend Professor Dr. Stephanie Dietrich" at the The 6th World Conference on Faith and Order, held in Wadi El Natrun, Egypt. She was introduced to the crowd by a Greek Orthodox "Bishop" of the Ecumenical Patriarchate. See video.
